MEMORANDUM FROM THE COORDINATOR OF CUBAN AFFAIRS

TO: Members of Coordinating Committee

SUBJECT: Cuba: Possible Courses of Action

I am attaching a paper on possible courses of action toward Cuba prepared by a member of the Special Studies Group of the Department's Bureau of Intelligence and Research, who has represented INR in some of the activities of the Coordinating Committee on Cuba.

The document has no official status and is not to be considered a Committee document. It is being circulated for the possible interest of the members of the Committee and as a possible stimulus to thought on the Cuban problem. Any informal comments by the members would be welcomed.
